# BESPOKE TREATMENTS, THERAPIES AND PRODUCTS TRULY TRANSCENDENT STATES OF BEING

## SCALP & BODY SPA RITUAL

90 MINUTES

Your body ritual begins with a detoxifying scalp treatment. The scalp is cleansed, brushed and exfoliated before your therapist applies a hair mask. The treatment continues using steamed herbal compresses, to provide an invigorating and relaxing massage around the scalp and décolleté. Skin is dry brushed with copper bristles and exfoliated with Himalayan salt. The hair mask is removed with a further aromatic water cleanse. A deep back, neck and shoulder massage is provided and herbal compresses on specific areas of the body. Your treatment is completed with a luxurious application of body oils, balms and hydrating scalp serum.

## FOUR HANDS ULTIMATE SYNCHRONISED CEREMONY

90 MINUTES

The ultimate spa treatment in which two therapists perform synchronised massage therapy in synergy with the body, creating a heightened state of relaxation. This is a choreographed treatment which restores balance using adaptogenic Chakra oil, creating a bespoke and luxurious sensorial experience.

## ASHIATSU MASSAGE

90 MINUTES

Ashiatsu massage is an ancient healing massage which provides the deepest and most relaxing treatment possible. Your treatment is performed on a futon mattress and the therapist uses feet work to release tension in the body. This massage provides a deep pressure with reduced pain than felt in a traditional deep tissue massage. Ashiatsu massage is ideal for those with deep muscle tension or those who participate in sports on a regular basis.
